QUALITY MANUFACTURED
AIR CONDITIONING & HEATING
IN A COMPACT, ALL-IN-ONE,
SPACE-SAVING UNIT DESIGNED
FOR YEAR-ROUND COMFORT.

Air Conditioning & Heating

GOODMAN® PACKAGED GAS/ELECTRIC UNITS: COMPACT, ALL-IN-ONE UNITS SAVE VALUABLE FLOOR SPACE

CHOOSE RELIABLE, ENERGY-EFFICIENT COMFORT FOR YOUR FAMILY.

Goodman's high-quality 12 and 10 SEER Packaged Gas/Electric Units provide outstanding value to energy-conscious homeowners and small businesses. Our extensive product offering ensures that you get the right system for your specific cooling and heating need.

Goodman Packaged Units sit on the ground or rooftop outside your home or business and deliver quiet, year-round comfort from a single, self-contained unit. The energy-efficient Goodman Packaged Gas/Electric Unit operates as an electricity-powered air conditioner during the summer, and a gas-fueled furnace during winter. All units come fully charged and tested—direct from the factory.

YEAR-ROUND ENERGY EFFICIENCY

Energy efficiency is key to controlling the cost of heating and cooling your home. Today's minimum standard as directed by the federal government is 10 SEER (Seasonal Energy Efficiency Ratio) for cooling and 80% AFUE (Annual Fuel Utilization Efficiency) for heating. Older installed units in many homes may have actual operational efficiencies of 8 SEER or less when cooling and 60% AFUE or less when heating.

Goodman's 12 and 10 SEER Packaged Gas/Electric Units, both of which provide heating efficiencies of 80% AFUE, offer substantial energy cost savings compared to these older models. Plus, at 12 SEER, your Goodman Packaged Gas/Electric Unit meets the higher standard of the Environmental Protection Agency's (EPA's) Energy Star Program.

*Unmatched performance,
efficiency and affordability. That's just
what you'll get with Goodman.*

QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

RELIABILITY AND LONG LIFE

One of the most critical components of a packaged gas/electric unit is the heat exchanger. Our patented, aluminized-steel tubular heat exchangers provide incredible durability and heating capacity. The unit also has a reliable Direct-Spark Ignition system and integrated controls with on-board diagnostics, plus a combination redundant gas valve and regulator for further safety and reliability.

SOLID WARRANTY PROTECTION

Goodman® 12 SEER
Packaged Gas/Electric Units
have a 20-Year Limited

Warranty for the heat exchanger and a 10-Year Limited Warranty for the compressor and all functional parts. All 10 SEER units carry a 20-Year Limited Warranty for the heat exchanger and a 5-Year Limited Warranty for the compressor and all functional parts.

For even greater protection and worry-free ownership, ask your Goodman dealer about GoodCare®, an affordable extended parts and labor warranty for your entire system.

GUARANTEED QUALITY

From Goodman, you can depend on well-designed, top-quality, thoroughly tested products, backed by some of the best standard and extended warranties in the industry. All Goodman production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

NATIONWIDE SUPPORT

We supply our Distribution Network through our new, state-of-the-art logistics center. And with more than 700 distribution locations and thousands of dealers coast-to-coast, you can be confident that a qualified service provider is always close by.

EXCEPTIONAL VALUE

Goodman offers the best product value for the investment of any air conditioning and heating manufacturer in the U.S.A. Goodman can do this for several reasons, including the following:

- As the second largest unit manufacturer of residential air conditioning and heating products, we've successfully negotiated high-volume material purchase contracts from the highest-quality manufacturers in the world, which keeps our unit quality high and our manufacturing cost low.
- We continually invest in improving our overall productivity.

Goodman

Thank goodness for Goodman.

GOODMAN® PACKAGED UNITS:
YEAR-ROUND COMFORT, MANUFACTURED
WITH QUALITY, VALUE AND EFFICIENCY
IN MIND.

- High-quality, energy-efficient compressor
- Durable, corrosion-resistant aluminized-steel tubular heat exchanger
- Added refrigerant protection with the use of a liquid line filter drier
- Fully charged R-22 system
- Quality powder-paint finish resists fading and corrosion
- Fully insulated blower compartment for quiet operation
- 20-Year Limited Warranty on the heat exchanger in both 12 and 10 SEER units
- 10-Year Limited Warranty on the compressor and all functional parts on all 12 SEER units.
- 5-Year Limited Warranty on the compressor and all functional parts on all 10 SEER units

**GOODMAN MANUFACTURING COMPANY, L.P. –
A RECOGNIZED INDUSTRY LEADER**

Founded in 1982, Goodman Manufacturing Company, L.P., has grown into the second largest residential air conditioning and heating unit producer in the United States and the world's largest privately held air conditioning and heating manufacturer by providing the three most critical elements of customer satisfaction – quality, value and support. We invite you to compare...you'll be glad you did!
